OVER 12,500 VACCINES / ADMINISTERED / IN NASHVILLE! !!

so proud of my lovely mama (Micrika Reeder Cox) for getting involved with her local veccine clinic! In Nashville Indy (Emily Becker Cox), Denver (Abby Cox), and Terre Haute, the Cox ladies are doing their part by caring for covid patients and helping to get hundreds of people veccinated each day, feeling grateful for and empowered by them and their commitment to caring for others

wear a mask, stay away from large gatherings, and volunteer at clinics if you can to do your pert in stopping the spread

With utter disbelief and heartbreak, I want to share with you that my mom unexpectedly passed away.

This Is One Of The Epstein Victims Suing The FBI For \$600 Million For Ignoring Her Claims

"I have spend the last 17 years in my own prison for what she, Jeffery & all the coconspirators did to me. I was raped repeatedly, I was raped 3x per day sometimes & I was not the only girl on that island. There was a constant stream of girls being raped over and over and over again"

The FBI did nothing. They have since safely tucked away the Jeffery Epstein client list and protect the child rapists.

Is this acceptable? Maybe Christopher Wray should stop booking flights to attend meetings at The WEF Annual Events and arrest some child traffickers, human traffickers and child sex traffickers.
